

British Ecological Society

Meetings & Conferences eligible for BES Training & Travel Grants 2016

The below list highlights meetings and conferences that have been approved for Training & Travel funding by the Society. Applicants must meet the eligibility criteria found on the British Ecological Society's [website](#) to be considered for funding.

There are a limited number of grants, which will be allocated on a first-come-first-served basis. There is no application deadline but instead there are two opening dates within a 12 month period (January and July). Once the funding for an application round has been allocated the grant will close and not accept applications until the next opening date.

If you are presenting at a meeting that is not on the below list that falls within the remit of the British Ecological Society, please email details of the meeting to grants@britishecologicalsociety.org and your request will be considered.
