Your opportunity to partner with Europe's largest community of ecologists

PARTNER WITH US IN 2021

2020 was a difficult year for everyone, but at BES we did all we could to keep serving our 7,000 strong community of ecologists around the world.

During lockdown, thousands of ecologists took part in [Ecology Live](#) : Our series of 20 online talks featuring ground-breaking research

Our [Festival of Ecology](#) in December attracted over 1,500 online delegates for 5 days of the latest in ecology.

So why not join us in 2021 and be part of Europe's largest and the world's oldest community of ecologists?
